

Storage capacity

Modulo | cube provides optimal storage for a large number of bottles and can hold bottles of all shapes and sizes.

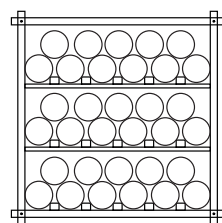

All bottles together

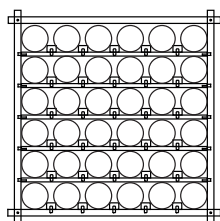

Bordeaux: 50 bottles

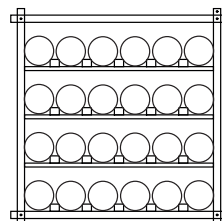

Burgundy: 39 bottles
Add one shelf for optimal storage

Champagne: 33 bottles
Add 2 shelves for optimal storage

Bordeaux, Burgundy,
Alsace: 36 bottles

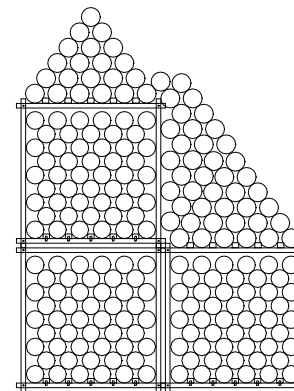

Champagne: 24 bottles
(3 shelves only)

Storage on the top

Adding a shelf to the top of Modulo | cube provides extra storage:

- 21 bottles for **pyramid storage mode**
- 42 bottles for **ladder storage mode**, only possible when supported by another Modulocube, at the side, - see diagram below.

3 Modulo | cube = 213 bottles > optimum capacity
